

BERK ÇAKMAK

Computer Engineering Student | TED University

Ankara,Türkiye | cakmak.berk@outlook.com | linkedin.com/in/berk-çakmak | github.com/CakmakBerk | berkcakmak.net

EDUCATION

Bachelor of Computer Engineering – TED University Faculty of Engineering (100% English) GPA:3.06/4.00 Senior Year	March 2023 – Present
BTEC Higher National Diploma in Business Administration – Pearson Faculty of Economics and Administrative Sciences (100% English)	2024 – Present
Secondary Field of Business Administration – TED University Faculty of Economics and Administrative Sciences (100% English)	2024 – Present

TECHNICAL SKILLS

Languages: Python, Java, C#, C, SQL Technologies: MS SQL, Firebase,.NET Framework (Windows Forms), UML, Git, Isaac-Sim, Gazebo, ROS2 Tools & Methods: SikuliX, Agile/Scrum, Test Automation, Database-First & Code-First Development and collaborated with the development team

WORK EXPERIENCE

ASELSAN Elektronik Sanayi ve Ticaret A.Ş. - Software Test Intern	Aug – Sep 2025
- Developed black-box test automations using Python and SikuliX with visual verification for system modules - Prepared and executed YTET test procedures, documenting results for quality assurance records - Managed defect lifecycle in an Agile workflow: logged defects, analysed outcomes, and collaborated with the development team	
Agartha Teknoloji A.Ş. - Software Development Intern	Jun – Jul 2024
- Designed and built a Customer & Employee Management System (ERP) using C# and MS SQL, implementing Database-First and Code-First approaches in .NET Windows Forms - Delivered final project presentation to company stakeholders; gained hands-on experience in database management and system integration	

PROJECTS

Vision-Based Navigation – Lift Up Programme Turkish Aerospace Industries (TAI) & TED University	2025 – Present
Conducting research on innovative vision-based navigation methods for low-altitude GNSS-denied mission scenarios, collaborating with TAI engineers	
AKKE – Senior Project TED University	2025 – Present
- Developing a wearable control interface utilizing flex sensors and IMUs to capture complex hand gestures for intuitive unmanned system operations. - Implementing TinyML models on embedded systems to enable real-time, on-device gesture recognition and low-latency command execution.	
LetFash – Mobile Application (Flutter & Firebase)	2024 – Present
Developing a cross-platform mobile app handling user authentication, real-time data storage, and push notifications	

COMPETITIONS & AWARDS

TEKNOFEST– 3rd Place,Technology for theBenefit of Humanity (Transportation Category)	2019
First Lego League– 5thPlace & ResponsiveProfessionalism Award	2019

CERTIFICATIONS

IBM (Coursera): Python Project for Data Science; Python for Data Science, AI & Development	2025
Hong Kong University(Coursera): Software Engineering-UML, Design & Project Management, Implementation & Testing	2025
University of Maryland(Coursera): Corporate Entrepreneurship (Business Model; Developing the Opportunity)	2025
University of Virginia(Coursera): Financial Accounting Fundamentals	2025
Other: C Programming(BTK Akademi), OHS Certificate (ASELSAN), TalentCoders TechCamp	2024-2025

VOLUNTEER EXPERIENCE

TEDx Ankara – Registration Team Leader: Coordinated the registration process	2020 – 2022
TEDx Ankara – Registration Team Member: Supported event operations and attendee check-in	2019 – 2020
Çözüm Felsefe Günleri – Steering Team Leader: Led event logistics and programme coordination	2020

LANGUAGES

Turkish – Native English – Upper-Intermediate (B2) TEDU English Language School Certificate	2021–2023
---	-----------

ADDITIONAL

International Experience: Embassy Summer (2018), Fundacja EuroWeek (2019), EC London English (2022) Portfolio: berkcakmak.net
